## 1 General News and Discussion

- **【Meeting cancelation】**  
The regular meeting on May 31th will be canceled because of ALCW.
- **【Deadline】**  
Autumn JPS meeting abstract : May 24th

## 2 Reports on our Activities

**【Yumi】**

Keyence people came to KEK. They said that measurement system costs 2,000,000 yen. We will consider whether we should measure GEM thickness by our selves.

**【Aiko】**

She succeeded that  $dE/dx$  resolution fitting.

Remaining issues is following:

- Add integral option
- Obtain the  $dE/dx$  resolution w/o gate.

C.(Sugiyama san) You should check charge distribution to know how difference the data from Landau distribution.

C. (Ogawa san) It better to make bin size small. You should optimize the fitting function parameter.

## 3 AOB

Next meeting will be held on May 17th 2018 at 18:00.
