July 16, 2001

Calorimeter for JLC Experiment

Hiroyuki Matsunaga
University of Tsukuba

CONTENTS

1) Required Performance
2) Basic Parameters
3) Proof of Performance
    [A] Beam Tests
        a) Energy Resolution
        b) Linearity
        c) Tower Boundary
        d) e/π Separation
    [B] Simulation
4) Other R&Ds
    a) Scintillator-strip EMCAL
    b) Direct-readout Scintillator-strip SHmax
    c) Photon Detectors
    d) Lead Alloy
5) Summary

JLC-CAL group is a collaboration of KEK, Kobe, Konan, Niigata, Shinshu, and Tsukuba
