

Gao-san's first mail

As for POSIPOL 2011 meeting time, my preferenec are that:1) not before April;2)not in conflict with ILC GDE meeting. 2)The first half of May should be avoided due to Chinese Holiday; the other time is OK for me.

Summaize:

- April: late part**
- May: late part**
- June: OK**
- July: OK too hot.**

Gao-san's second mail

- August: the first part be avoided due to IHEP summer vacation, if no other choice, late part.**
- September: the second part due to IPAC 2011 in Spain 4-9 September 2011.**
