

# Proposed KILC12 meeting agenda

- Format:
  - All discussions, TDR driven
  - One hour session (roughly) for each major technical area, lead by ??????, with power point.
  - Concentrating on: Parameters, Target, AMD, and Lattices.
  - Updating from others (undulator/Cavity/Collimators and so on if any).
  - Alternative Schemes (300 Hz and Compton?)
  - Costing
  - Draft TDR
- Joint sessions with others (DR, CFS)
