Summary of discussions:

1. New proposal on the date of Posipol 2014:

Omori proposed new candidate date of the Posipol 2014.

Please look at "20140225-Omori\_Posipol\_Date.pdf".

In the last meeting on January 30th, Takahashi-san proposed two candidates;

(1): Sep 24 -26, 2014, and

(2): Sep 10 -12, 2014 (a week after LINAC 2014).

At that time, both candidates were accepted, and some people preferred (1).

However, recently we got change of boundary conditions.

Two activities (international and local in Japan) related to ILC were announced. Both are much larger than Posipol.

(a) LCWS14: 6-10 October, Belgrade, Serbia.

(b) KEK accelerator school(subject ILC): 8-12 September.

If we will have Posipol on Sep. 24-26, it will be too close to LCWS14. Also it seems that choosing Sep. 10-12 is almost impossible for Japanese ILC group.

Taking into account such conditions, Omori proposed a new date; August 27-29.

We made discussion and the new date was accepted.

Reported by T. OMORI

The date of the next meeting is 18th March 2014.
