Summary of the discussions:

1. Acc. sessions of 2015 Asia LCWS in April:

Omori explained the status of the timetable preparation of the accelerator sessions of 2015 Asia LCWS in April.

Currently all the accelerator sessions are plenary.  
Please look at "alcw2015.pdf".

But we still have rooms to allocate the source parallel sessions in Friday. We also have some rooms in Thursday.

Now, at the same time of today, Wei-san and Kuriki-san are attending the ADI meeting to explain our needs to have the source sessions.

2. Material test at the KEK linac:

Sabine-san explained the status of the plan to make a material test at the KEK linac. In the test, Sabine-san will examine the radiation resistance of titanium.

Reported by T. OMORI

The date of the next meeting will be decided later.
